INDIVIDUALS EXCLUDED FROM PARTICIPATING IN THE ALABAMA TITLE XIX (MEDICAID) PROGRAM

February 11, 2022

FOR A COMPREHENSIVE LISTING OF THOSE INDIVIDUALS EXCLUDED FROM RECEIVING REIMBURS FOR PROVIDING MEDICARE AND MEDICAID SERVICES NATIONWIDE, SEE THE OFFICE OF INSPECT GENERAL'S WEBSITE, LIST OF EXCLUDED INDIVIDUALS/ENTITIES (LEIE), by following this link,

http://oig.hhs.gov/fraud/exclusions.asp

If someone is on the LEIE, they are not allowed to receive reimbursement for providing Medicare and Medica services in any capacity even if they are not on this listing by the Alabama Medicaid Agency.

The following individuals are listed according to the type of provider they were at the time of exclusion; howev they are excluded from participating in providing services in the Medicaid program in **all** categories of service and in any capacity. The exclusion remains in effect until they are removed from this list.

Any provider participating or applying to participate in the Medicaid program must search this list and the LEIE monthly to determine if any existing employee or contractor has been excluded from participation in the Medic program. Also, any provider participating or applying to participate in the Medicaid program must search both prior to hiring staff to ensure any potential employees or contractors have not been excluded from participatin the Medicaid program. For further details on screening of current employees and contractors and potential employees and contractors, see Chapter 7, Section 7.3.1 and 7.3.2 of the Provider Manual (attached below).

If you have questions concerning potential matches to any names on this list or require additional information send an email to PIDexclusions@medicaid.alabama.gov.

MFCU = Medicaid Fraud Control Unit, Attorney General's Office
MLC = Medical Licensure Commission of Alabama
BDE = Board of Dental Examiners of Alabama

Alabama Medicaid Provider Manual, Chapter 7, Sections 7.3.1 and 7.3.2

7.3.1 Providers Must Screen for Excluded Individuals

The HHS Office of Inspector General (HHS-OIG) excludes individuals and entities from participation in Medica Medicaid, the State Children's Health Insurance Program (SCHIP), and all Federal health care programs [as defined in section 1128B(f) of the Social Security Act (the Act)] based on the authority contained in various sections of the Act, including sections 1128, 1128A, and 1156. In addition, the Alabama Medicaid Agency als individuals and entities from participation in the Medicaid program under its own authority as specified in 42 C Part 1002.

When the HHS-OIG has excluded a provider, Federal health care programs (including Medicaid and SCHIP programs) are generally prohibited from paying for any items or services furnished, ordered, or prescribed by excluded individuals or entities. [Section 1903 (i)(2) of the Act; and 42 CFR Section 1001.1901(b)]. Also, wh Medicaid Agency has excluded a provider, the Medicaid Agency is prohibited from paying for any items or ser furnished, ordered, or prescribed by excluded individuals or entities. (42 CFR section 1002.211).

This payment ban applies to any items or services reimbursable under a Medicaid program that are furnished an excluded individual or entity, and extends to:

° all methods of reimbursement, whether payment results from itemized claims, cost reports, fee schedules, a prospective payment system;

° payment for administrative and management services not directly related to patient care, but that are a necessary component of providing items and services to Medicaid recipients, when those payments are reported on a cost report or are otherwise payable by the Medicaid program; and

° payment to cover an excluded individual's salary, expenses or fringe benefits, regardless of whether they provide direct patient care, when those payments are reported on a cost report or are otherwise payable by th Medicaid program.

In addition, no Medicaid payments can be made for any items or services directed or prescribed by an excluded physician or other authorized person when the individual or entity furnishing the services either knev or should have known of the exclusion. This prohibition applies even when the Medicaid payment itself is ma to another provider, practitioner, or supplier that is not excluded. [42 CFR Section 1001.1901(b)]

The listing below sets forth some examples of types of items or services that are reimbursed by Medicaid which, when provided by excluded parties, are not reimbursable:

° Services performed by excluded nurses, technicians, or other excluded individuals who work for a hospita nursing home, home health agency, or physician practice, where such services are related to administrative duties, preparation of surgical trays or review of treatment plans if such services are reimbursed directly or indirectly (such as through a pay per service or a bundled payment) by a Medicaid program, even if the individuals do not furnish direct care to Medicaid recipients;

° Services performed by excluded pharmacists or other excluded individuals who input prescription informat

for pharmacy billing or who are involved in any way in filling prescriptions for drugs reimbursed, directly or indirectly, by a Medicaid program;

° Services performed by excluded ambulance drivers, dispatchers, and other employees involved in providi transportation reimbursed by a Medicaid program, to hospital patients or nursing home residents;

° Services performed for program recipients by excluded individuals who sell, deliver, or refill orders for medical devices or equipment being reimbursed by a Medicaid program;

° Services performed by excluded social workers who are employed by health care entities to provide servic to Medicaid recipients, and whose services are reimbursed, directly or indirectly, by a Medicaid program;

° Services performed by an excluded administrator, billing agent, accountant, claims processor, or utilizatio reviewer that are related to and reimbursed, directly or indicretly, by a Medicaid program;

° Items or services provided to a Medicaid recipient by an excluded individual who works for an entity that h a contractual agreement with, and is paid by, a Medicaid program; and

° Items or equipment sold by an excluded manufacturer or supplier, used in the care or treatment of recipie and reimbursed, directly or indirectly, by a Medicaid program.

To further protect against payments for items and services furnished or ordered by excluded parties, all curre providers and providers applying to participate in the Medicaid program **must** take the following steps to determine whether their employees and contractors are excluded individuals or entities:

° Screen all employees and contractors to determine whether any of them have been excluded by searchin the exclusion list located on the Alabama Medicaid Agency's website. All providers must check the list prior t hiring staff to ensure potential staff has not been excluded from participation in the program. All providers must check the list again monthly to ensure existing staff has not been excluded from participation in the program since the last search.

° Search the HHS-OIG website by the names of any individual or entity. All providers must search the HHS-OIG website monthly to capture exclusions and reinstatements that have occurred since the last search

° Providers must immediately report to Medicaid any exclusion information discovered.

Civil monetary penalties may be imposed against Medicaid providers and managed care entities (MCEs) who employ or enter into contracts with excluded individuals or entities to provide items or services to Medicaid recipients. [Section 1128A(a)(6) of the Act; and 42 CFR Section 1003.102(a)(2)].

7.3.2 Where Providers Can Look for Excluded Parties

While the MED is not readily available to providers, the HHS-OIG maintains the List of Excluded Individuals/E (LEIE), a database accessible to the general public that provides information about parties excluded from participation in Medicare, Medicaid,and all other Federal health care programs. The LEIE website is located http://www.oig.hhs.gov/fraud/exclusions.asp and is available in two formats. The on-line search engine identi currently excluded individuals or entities. When a match is identified, it is possible for the searcher to verify th accuracy of the match using a Social Security Number (SSN) or Employer Identification Number (EIN). The downloadable version of the database may be compared against an existing database maintained by a provic However, unlike the on-line format, the downloadable database does not contain SSNs or EINs.

Additionally, Medicaid maintains an exclusion list, pursuant to 42 CFR Section 1002.210, which includes individuals and entities that the State has barred from participating in State government programs. The exclu list is located on the Medicaid website under the Fraud/Abuse Prevention tab. All providers are obligated to search this list monthly whenever they search the LEIE.
