What is Hospital to Home?

The Alabama Medicaid Agency Hospital to Home (H2H) program assists individuals with returning home from the hospital with Medicaid waiver services that begin instantly upon discharge. H2H uses an expedited application process to initiate services immediately.

Who qualifies for Hospital to Home living assistance?

To qualify for H2H you must meet the following requirements:

- Must have a Medicaid eligible status
- Must be medically eligible for long-term care
- Must have a safe and suitable home to return to
- May be required to have a willing and able caregiver

Based on care plan development a person can get

- Homemaker services – housekeeping, laundry, grocery shopping, and errands
- Personal care services – bathing, dressing, grooming assistance
- Weekly home-delivered meals
- Medical supplies such as incontinence supplies, wipes, and linen savers
- Personal Emergency Response Systems (PERS)

What Medicaid waivers can be utilized on Hospital to Home?

Alabama Community Transition (ACT) Waiver: This waiver traditionally serves individuals with disabilities or long-term care illnesses who currently reside in an institution and who desire to transition to the home or community setting.

Elderly and Disabled (E&D) Waiver: Individuals who are elderly and/or disabled may apply for this program. This person could live independently (or alone) at home with some additional assistance provided by the waiver.

These waivers offer a consumer directed option which will give individuals the opportunity to have greater involvement, control, and choice in identifying, assisting, and managing long term services and supports.

How to make a referral for Hospital to Home?

Contact your hospital social worker, discharge planner, or Social Services case manager to have a referral made on your behalf.
