Family Needs Allowance

Spouse Only

The current Federal Benefit Rate will be used as the needs allowance for the spouse at home. Any income of the spouse at home will be deducted from the standard to determine allocation. If the spouse at home has no income, the standard will be allocated. If the income of the institutionalized spouse is below the standard, the entire income will be allocated except for the protected personal needs allowance and the veterans aid and attendance allowance.

Other Family Members

When there are other family members, the AFDC standard will be used. The total number of family members at home will be computed against this table. This standard will be used when there are other family members even though in some instances the needs allowance will be less than that of a spouse only. Any income of the family at home will be deducted from the standard to determine allocation. If the family at home has no income, the standard will be allocated. If the income of the institutionalized spouse is below the standard, the entire income will be allocated except for the protected personal needs allowance and the veterans aid and attendance. The AFDC definition of family units will be used in determining who is a family member.

MORE LIBERAL METHODS OF TREATING RESOURCES  
UNDER SECTION 1902(r)(2) OF THE ACT

Medicaid will not consider resources of a person equal to the amount of long-term care insurance benefit payments in determining Medicaid eligibility when the long-term care insurance policy covers at least the first three years of nursing home care and/or home health care services.

The exclusion shall be for the life of the purchaser provided he or she maintains obligations pursuant to the long-term care insurance policy.

Insurance benefit payments made on behalf of a claimant, for payment of long-term care services, shall be considered to be expenditures of resources as required for eligibility for medical assistance to the extent that the payments are all of the following:

- (1) For services Medicaid approves or covers for its recipients.
- (2) In an amount not in excess of the charges of the health services provider.
- (3) For nursing home care and/or home health care services.
- (4) For services provided after the person meets the coverage requirements for long-term care benefits established by the agency for this program.

For children under age 19 covered under the provisions of section 1902(a)(10)(A)(ii)(I), all resources are excluded.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: Alabama

STATE LONG-TERM CARE INSURANCE PARTNERSHIP

1902(r)(2) The following more liberal methodology applies to individuals who are  
1917(b)(1)(C) eligible for medical assistance under one of the following eligibility  
groups:

Institutionalized individuals

An individual who is a beneficiary under a long-term care insurance policy that meets the requirements of a “qualified State long-term care insurance partnership” policy (partnership policy) as set forth below, is given a resource disregard as described in this amendment. The amount of the disregard is equal to the amount of the insurance benefit payments made to or on behalf of the individual. The term “long-term care insurance policy” includes a certificate issued under a group insurance contract.

X The Alabama Medicaid Agency (Agency) stipulates that the following requirements will be satisfied in order for a long-term care policy to qualify for a disregard. Where appropriate, the Agency relies on attestations by the Alabama Department of Insurance Commissioner (Commissioner) or other State official charged with regulation and oversight of insurance policies sold in the state, regarding information within the expertise of the Alabama Department of Insurance.

- The policy is a qualified long-term care insurance policy as defined in section 7702B(b) of the Internal Revenue Code of 1986.
- The policy meets the requirements of the long-term care insurance model regulation and long-term care insurance model Act promulgated by the National Association of Insurance Commissioners (as adopted as of October 2000) as those requirements are set forth in section 1917(b)(5)(A) of the Social Security Act.

STATE LONG-TERM CARE INSURANCE PARTNERSHIP

- The policy was issued no earlier than the effective date of this State Plan amendment.
- The insured individual was a resident of a Partnership State when coverage first became effective under the policy. If the policy is later exchanged for a different long-term care policy, the individual was a resident of a Partnership State when coverage under the earliest policy became effective.
- The policy meets the inflation protection requirements set forth in section 1917(b)(1)(C)(iii)(IV) of the Social Security Act.
- The Commissioner requires the issuer of the policy to make regular reports to the Secretary that include notification regarding when benefits provided under the policy have been paid and the amount of such benefits paid, notification regarding when the policy otherwise terminates, and such other information as the Secretary determines may be appropriate to the administration of such partnerships.
- Alabama does not impose any requirement affecting the terms or benefits of a partnership policy that the state does not also impose on non-partnership policies.
- The Alabama Department of Insurance assures that any individual who sells a partnership policy receives training, and demonstrates evidence of an understanding of such policies and how they relate to other public and private coverage of long-term care.
- The Agency provides information and technical assistance to the Alabama Department of Insurance regarding the training described above.

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ALABAMA

## TRANSFER OF ASSETS

1917(c) The agency provides for the denial of certain Medicaid services by reason of disposal of assets for less than fair market value.

1. Institutionalized individuals may be denied certain Medicaid services upon disposing of assets for less than fair market value on or after the look-back date.

The agency withholds payment to institutionalized individuals for the following services:

Payments based on a level of care in a nursing facility;

Payments based on a nursing facility level of care in a medical institution;

Home and community-based services under a 1915 waiver.

2. Non-institutionalized individuals:

\_\_\_ The agency applies these provisions to the following non-institutionalized eligibility groups. These groups can be no more restrictive than those set forth in section 1905(a) of the Social Security Act:

The agency withholds payment to non-institutionalized individuals for the following services:

Home health services {section 1905(a)(7)}

Home and community care for functionally disabled and elderly adults {section 1905(a)(22)};

Personal care services furnished to individuals who are not inpatients in certain medical institutions, as recognized under agency law and specified in section 1905(a)(24).

\_\_\_ The following other long-term care services for which medical assistance is otherwise under the agency plan:

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ALABAMA

TRANSFER OF ASSETS

3. Penalty Date--The beginning date of each penalty period imposed for an uncompensated transfer of assets is:
- the first day of the month in which the asset was transferred;
- the first day of the month following the month of transfer.
4. Penalty Period - Institutionalized Individuals--  
In determining the penalty for an institutionalized individual, the agency uses:
- The average monthly cost of a private patient of nursing facility services in the agency;
- The average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized.
5. Penalty Period - Non-institutionalized Individuals--  
The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual including the use of the average monthly cost of nursing facility services;
- imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ALABAMA

TRANSFER OF ASSETS

6. Penalty period for amounts of transfer less than cost of nursing facility care--

a. Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency:

X does not impose a penalty;

\_\_\_ imposes a penalty for less than a full month, based on the proportion of the agency's private nursing facility rate that was transferred.

b. Where an individual makes a series of transfers, each less than the private nursing facility rate for a month, the agency:

X does not impose a penalty;

\_\_\_ imposes a series of penalties, each for less than a full month.

7. Transfers made so that penalty periods would overlap--

The agency:

X totals the value of all assets transferred to produce a single penalty period;

\_\_\_ calculates the individual penalty periods and imposes them sequentially.

8. Transfers made so that penalty periods would not overlap--

The agency:

X assigns each transfer its own penalty period;

\_\_\_ uses the method outlined below:

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ALABAMA

## TRANSFER OF ASSETS

9. Penalty periods - transfer by a spouse that results in a penalty period for the individual--

- (a) The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.

\* Any remaining penalty period will be divided equally between the two spouses beginning the month the Community Spouse becomes Medicaid eligible as an institutional or home and community based waiver services recipient.

\* If there is an odd number of months remaining in the penalty period the spouse institutionalized first will serve a penalty one month longer than the other spouse.

\* The total penalty imposed on both spouses cannot exceed the length of the penalty originally imposed on the individual.

- (b) If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

10. Treatment of income as an asset--

When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

The agency will impose partial month penalty periods.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

For transfers of individual income payments, the agency will impose partial month penalty periods.

For transfers of the right to an income stream, the agency will use the actuarial value of all payments transferred.

The agency uses an alternate method to calculate penalty periods, as described below:

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ALABAMA

TRANSFER OF ASSETS

11. Imposition of a penalty would work an undue hardship --  
The agency does not apply the transfer of assets provisions in any case in which the agency determines that such an application would work an undue hardship. The agency will use the following procedures in making undue hardship determinations:

Upon a determination of a transfer of assets for less than fair market value that requires imposition of a transfer penalty the Agency will:

1. Send written notices which informs the individual and authorized representative (if one) of the transfer penalty; and
2. Send a copy of the Administrative Code Rule 560-X-25-.09 which informs the individual and authorized representative of the right to request an undue hardship exemption; and
3. Send a copy of the notice which informs the individual and authorized representative (if one) of the right to appeal the decision made by the Alabama Medicaid Agency.
4. The written request for an undue hardship exemption must be received by Medicaid within 60 days from the date the notice of action is mailed. The District Office will gather all pertinent information/documentation and forward to the Central Office with an interpretation request form.
5. The appropriate Director of Beneficiary Services will review all pertinent information/documentation to determine if the criteria for an undue hardship exemption have been met.
6. The individual and authorized representative (if one) will be notified in writing within 45 days of receipt of the request for exemption of the Agency's determination of whether undue hardship criteria have been met. If the undue hardship exemption is denied, another copy of Administration Code Rule 560-X-25-.09 and another copy of the notice of appeal rights will be sent.

## TRANSFER OF ASSETS

7. Upon notification by the individual or authorized representative (if one) of a request to appeal a denial of an undue hardship exemption a fair hearing will be scheduled in accordance with chapter three of the Alabama Medicaid Agency's Administrative Code.

The following criteria will be used to determine whether the agency will not count assets transferred because the penalty would work an undue hardship:

In situations where an individual has admitted that an asset has been transferred for less than fair market value for the purpose of obtaining Medicaid benefits the Agency may still grant an exemption from the transfer of asset penalty where the individual demonstrates by clear and convincing evidence that the imposition of such a penalty will cause the individual to suffer undue hardship. Undue hardship will only be considered in extreme cases where the individual has been denied admission to or discharged from an institutional facility or denied home and community based waiver services which are necessary to preserve the individual's life. Undue hardship does not exist where a transfer penalty causes an individual to experience inconvenience or would cause an individual to restrict their lifestyle but would not place the individual at serious risk of being deprived of care of services necessary to sustain life.

In determining the existence of undue hardship the Agency will consider all circumstances involving the transfer and the situation of the individual, including, but not limited to, the following:

1. Whether the individual has been determined to be a person in need of care and protection pursuant to the Adult Protective Services Act, Code of Alabama 1975, section 38-9-1, et seq.

2. Whether the individual or his representative has exhausted all reasonable efforts to obtain a return of or compensation for the transferred asset, including voiding the transfer pursuant to Code of Alabama 1975, section 35-1-2 or section 8-9-12, or pursuing any other criminal or civil action available to recover the asset; and

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ALABAMA

TRANSFER OF ASSETS

3. Whether the individual was defrauded of the transferred asset, which is documented by a court action or an official police report; and

4. Whether the individual or his representative has exhausted all reasonable efforts to meet the individual's needs from other available sources.

TRANSFER OF ASSETS

1917(c) FOR TRANSFERS OF ASSETS FOR LESS THAN FAIR MARKET VALUE  
MADE ON OR AFTER FEBRUARY 8, 2006, the agency provides for the denial of  
certain Medicaid services.

1. Institutionalized individuals are denied coverage of certain Medicaid services upon disposing of assets for less than fair market value on or after the look-back date.

The agency does not provide medical assistance coverage for institutionalized individuals for the following services:

Nursing facility services;

Nursing facility level of care provided in a medical institution;

Home and community-based services under a 1915(c) or (d) waiver.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

TRANSFER OF ASSETS

2. Non-institutionalized individuals:

\_\_\_\_\_ The agency applies these provisions to the following non-institutionalized eligibility groups. These groups can be no more restrictive than those set forth in section 1905(a) of the Social Security Act:

The agency withholds payment to non-institutionalized individuals for the following services:

Home health services (section 1905(a)(7));

Home and community care for functionally disabled elderly adults (section 1905(a)(22));

Personal care services furnished to individuals who are not inpatients in certain medical institutions, as recognized under agency law and specified in section 1905(a)(24).

\_\_\_\_\_ The following other long-term care services for which payment for medical assistance is otherwise made under the agency plan:

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ALABAMA

TRANSFER OF ASSETS

3. Penalty Date--The beginning date of each penalty period imposed for an uncompensated transfer of assets is the later of:
- the first day of a month during or after which assets have been transferred for less than fair market value;
- The State uses the first day of the month in which the assets were transferred
- X   The State uses the first day of the month after the month in which the assets were transferred
- or
- the date on which the individual is eligible for medical assistance under the State plan and is receiving institutional level care services described in paragraphs 1 and 2 that, were it not for the imposition of the penalty period, would be covered by Medicaid;

AND

which does not occur during any other period of ineligibility for services by reason of a transfer of assets penalty.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ALABAMA

TRANSFER OF ASSETS

4. Penalty Period - Institutionalized Individuals--  
In determining the penalty for an institutionalized individual, the agency uses:
- the average monthly cost to a private patient of nursing facility services in the State at the time of application;
- the average monthly cost to a private patient of nursing facility services in the community in which the individual is institutionalized at the time of application.
5. Penalty Period - Non-institutionalized Individuals--  
The agency imposes a penalty period determined by using the same method as is used for an institutionalized individual, including the use of the average monthly cost of nursing facility services;
- imposes a shorter penalty period than would be imposed for institutionalized individuals, as outlined below:
6. Penalty period for amounts of transfer less than cost of nursing facility care--
- Where the amount of the transfer is less than the monthly cost of nursing facility care, the agency imposes a penalty for less than a full month, based on the option selected in item 4.
- The state adds together all transfers for less than fair market value made during the look-back period in more than one month and calculates a single period of ineligibility, that begins on the earliest date that would otherwise apply if the transfer had been made in a single lump sum.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ALABAMA

TRANSFER OF ASSETS

7. Penalty periods - transfer by a spouse that results in a penalty period for the individual--

- (a) The agency apportions any existing penalty period between the spouses using the method outlined below, provided the spouse is eligible for Medicaid. A penalty can be assessed against the spouse, and some portion of the penalty against the individual remains.
- (b) If one spouse is no longer subject to a penalty, the remaining penalty period must be served by the remaining spouse.

8. Treatment of a transfer of income—

When income has been transferred as a lump sum, the agency will calculate the penalty period on the lump sum value.

When a stream of income or the right to a stream of income has been transferred, the agency will impose a penalty period for each income payment.

For transfers of individual income payments, the agency will impose partial month penalty periods using the methodology selected in 6. above.

For transfers of the right to an income stream, the agency will base the penalty period on the combined actuarial value of all payments transferred.

STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ALABAMA

TRANSFER OF ASSETS

9. Imposition of a penalty would work an undue hardship--

The agency does not impose a penalty for transferring assets for less than fair market value in any case in which the agency determines that such imposition would work an undue hardship. The agency will use the following criteria in making undue hardship determinations:

Application of a transfer of assets penalty would deprive the individual:

- (a) Of medical care such that the individual's health or life would be endangered; or
- (b) Of food, clothing, shelter, or other necessities of life.

10. Procedures for Undue Hardship Waivers

The agency has established a process under which hardship waivers may be requested that provides for:

- (a) Notice to a recipient subject to a penalty that an undue hardship exception exists;
- (b) A timely process for determining whether an undue hardship waiver will be granted; and
- (c) A process, which is described in the notice, under which an adverse determination can be appealed.

These procedures shall permit the facility in which the institutionalized individual is residing to file an undue hardship waiver application on behalf of the individual with the consent of the individual or the individual's personal representative.

State: ALABAMA

TRANSFER OF ASSETS

11. Bed Hold Waivers For Hardship Applicants

The agency provides that while an application for an undue hardship waiver is pending in the case of an individual who is a resident of a nursing facility:

\_\_\_\_\_ Payments to the nursing facility to hold the bed for the individual will be made for a period not to exceed \_\_\_\_\_ days (may not be greater than 30).

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ALABAMA

The agency does not apply the trust provisions in any case in which the agency determines that such an application would work an undue hardship. The agency will use the following procedures in making undue hardship determinations:

Upon a determination that application of the trust provisions will result in the denial of eligibility, the agency will:

1. Send written notices which inform the individual and authorized representative (if one) of the denial; and
2. Send a copy of Administrative Code Rules 560-X-25-.06 and 560-X-25-.09 which informs the individual and authorized representative (if one) that an undue hardship exemption policy exists; and
3. Send a copy of the notice which informs the individual and authorized representative (if one) of the right to appeal the decision made by the Alabama Medicaid Agency.
4. Upon receipt of a request (within 60 days after the date the agency's notice is received) from the individual or authorized representative (if one) for an exemption because of undue hardship, the agency will determine if an undue hardship exemption should be granted. The District Office will gather all pertinent information/documentation and forward to the Central Office with an interpretation request form.
5. The Central Office Certification Support Division Director, the Policy Unit Coordinator, and the Agency Legal Counsel will review all pertinent information/documentation to determine if the criteria for an undue hardship exemption has been met.
6. The individual and authorized representative (if one) will be notified in writing (within 45 days of receipt of the request for exemption) upon a determination of whether undue hardship criteria has been met. If the undue hardship exemption is denied, another copy of Administrative Code Rules 560-X-25-.06 and 560-X-25-.09, and another copy of the notice of appeal rights will be sent.
7. Upon notification by the individual or authorized representative (if one) of a request to appeal a denial of an undue hardship exemption, a fair hearing will be scheduled in accordance with chapter three of the Alabama Medicaid Agency's Administrative Code.

## STATE PLAN UNDER TITLE XIX OF THE SOCIAL SECURITY ACT

State: ALABAMA

The following criteria will be used to determine whether the agency will not apply the trust provisions because doing so would work an undue hardship:

In situations where an individual has admitted that a trust has been established for the purpose of obtaining Medicaid benefits, the agency may still grant an exemption from the application of the trust provisions where the individual demonstrates by clear and convincing evidence that the imposition of such a penalty will cause the individual to suffer undue hardship. Undue hardship will only be considered in extreme cases where the individual has been denied admission to or discharged from an institutional facility or denied home and community based waiver services which are necessary to preserve the individual's life. Undue hardship does not exist where a denial of eligibility causes an individual to experience inconvenience or would cause an individual to restrict their lifestyle but would not place the individual at serious risk of being deprived of care of services necessary to sustain life.

In determining the existence of undue hardship the agency will consider all circumstances involving the trust and the situation of the individual, including, but not limited to, the following:

1. Whether the individual has been determined to be a person in need of care and protection pursuant to the Adult Protective Services Act, Code of Alabama 1975, section 38-9-1, et seq.
2. Whether the individual or his representative has exhausted all reasonable efforts to obtain a return of the assets in the trust, including voiding the trust pursuant to Code of Alabama 1975, section 35-1-2 or section 8-9-12, or pursuing any other criminal or civil action available to recover the asset in the trust; and
3. Whether the individual was defrauded by the creation of the trust which is documented by a court action or an official police report; and
