

# A L E R T

March 4, 2016

**TO: All FQHC Providers**

**RE: Capturing of RCO Data**

Beginning with service dates of January 1, 2016, FQHCs should bill Medicaid non-covered procedure codes at the detail level. These detail level line items must be billed with a 0.01 (one cent) rate. Medicaid will zero pay these line items.

This is needed to allow Medicaid to capture details included in the encounter rate in order to determine actuarially sound rates when Regional Care Organizations are implemented.

The codes to be billed are:

- G8476
- G8477
- G8478
- G8510
- 3045F
- 3074F
- 3078F
- 3079F
- 3077F
- 3008F
- 2028F
