Early and Periodic Screening, Diagnosis and Treatment (EPSDT) program

The acronym EPSDT stands for:

*Early* - A Medicaid-eligible child should begin to receive high quality preventive health care as early as possible in life.

*Periodic* - Preventive health care occurring at regular intervals according to an established schedule that meets reasonable standards of medical, vision, hearing, and dental practice established by recognized professional organization.

*Screening* - A comprehensive, unclothed head-to-toe physical examination to identify those who may need further diagnosis, evaluation, and/or treatment of their physical and mental problems.

*Diagnosis* - The determination of the nature or cause of physical or mental disease, conditions, or abnormalities identified during a screening.

*Treatment* - Any type of health care or other measures provided to correct or ameliorate defects, physical and mental illnesses, or chronic conditions identified during a screening.
Early and Periodic Screening, Diagnosis and Treatment (EPSDT) program

• Fee for Service reimbursement for a comprehensive array of prevention, diagnostic, and treatment services for low-income infants, children and adolescents under age 21
• Coverage of EPSDT is federally mandated by CMS
• Provides coverage for medically necessary health care, diagnostic, treatment and/or other measures which are necessary to correct or ameliorate defects, physical and mental illnesses and conditions discovered during or as a result of an EPSDT screening
• Through the EPSDT benefit, children’s health problems should be addressed before they become advanced and treatment is more difficult and costly.
• Expenditures for the EPSDT program for FY 2015 were $52 million
Independent Laboratory and X-Ray

- Fee for Service reimbursement for laboratory tests performed by independent laboratory in an office or similar facility other than a hospital outpatient department or clinic.

- Fee for Service reimbursement to State Lab for certain medically necessary laboratory services provided. Public Health pays the state share of costs for State Lab services and costs of all newborn screening tests.

- Fee for Service reimbursement for X-Ray services ordered by a physician.

- Coverage of Lab and X-Ray services are mandatory.

- Prior Authorization (PA) is required for certain X-Ray services, such as MRI, CT scan, heart catheterization, etc.

- FY 2015 expenditures for Lab and X-Ray were $38.6 million.

- FY 2015 expenditures for State Lab were $14.0 million.
Ambulance Transportation

- Fee for Service reimbursement of ambulance service (Ground & Air) to and from medical care facilities
- Air transportation services must be manually reviewed before payment
- Air transportation may be rendered only when basic and advanced life support land ambulance services are not appropriate
- Medicaid requires that the recipient be taken to the nearest hospital that has appropriate facilities, physicians, or physician specialists needed to treat the recipient’s condition
- Coverage of transportation to medical care is mandatory
- In FY 2015 expenditures for ambulance transportation were $15 million

CHIP and Family Planning
Children’s Health Insurance Program (CHIP)

- As of FY 2016 Alabama’s Federal CHIP Match is 100%
  - Prior to FY 2016 the Federal Match was 78.29% and Public Health paid the state share
- CHIP funding (enhanced match) is a separate allotment from the federal government
- The CHIP program is split between Medicaid and Public Health (ALL Kids)
  - Medicaid is federally mandated to cover all children up to 146% of Federal Poverty Level (FPL)*
    - Medicaid claims CHIP funds for uninsured children age 6-18 with income from 108-146% FPL
  - ALL Kids covers CHIP uninsured children age 0-18 with income 147-317% of FPL

*FPL level includes 5% disregard
Family Planning

• Family Planning services are various birth control methods for women and men on Medicaid
• Family Planning is reimbursed fee for service
• Family Planning is a mandatory service
• Federally matched at 90/10
• Total Family Planning expenditures for FY 2015 were $59 million, ($32 million of which is covered on the next slide)
Plan First

- Plan First is a 1115 waiver for men and women who can only receive birth control services
  - Not eligible for other Medicaid Services
  - Public Health pays a majority of the state share
  - Approximately 9% (100,313) of Medicaid’s eligibles are in the Plan First program

- This is an optional program
