

ICN SharePoint Access

Each organization that intends to respond to the State's procurement for an Integrated Care Network (ICN) Program must have access to the State's ICN SharePoint. The SharePoint is where the Agency will post the Data Sharing Agreement, Probationary Certification Application, and the Mandatory Competitive Procurement.

In order for an organization to be granted access to the Agency's SharePoint, it must complete this form and return it to ICNinfo@medicaid.alabama.gov

Each ICN is permitted up to three user accounts. Please provide the first and last name of each user, valid e-mail address, and telephone number for each user.
