

Medicaid Coverage for
17 Alpha-hydroxyprogesterone Caproate

Medicaid coverage for 17 Alpha-hydroxyprogesterone Caproate is available through participating outpatient compounding pharmacies. The compounding pharmacy will require a valid prescription and recipient information for billing purposes, and will bill Medicaid for the medication. For information about participating compounding pharmacies, please contact the Alabama Medicaid Pharmacy Program at (334) 242-5050.

At this time, there is no prior authorization required for this drug; however, the compounding pharmacy may request a prior authorization to bill for compounding time. The physician's office should bill for the administration fee. Any Evaluation and Management would be part of the maternity global fee and should not be billed separately.

If you have any questions regarding this information please contact the Medical Services Division at (334)353-5539 or (334)242-5014.
