41 Nurse-Family Partnership (NFP)

Nurse-Family Partnership (NFP) is a nationally recognized, evidence-based program that provides prenatal, postpartum and infant home visiting services for the family unit until the child reaches age two. NFP nurse visiting services are available to eligible pregnant Medicaid recipients for intensive targeted case management rendered by specially trained nurses.

NFP nurse visiting services include care coordination, assessments and screenings, case management, and preventative health education and counseling. These nursing services are tailored to each woman’s needs and delivered in-person or via telehealth in the home setting, or in an alternative community setting as indicated by recipient’s need. The goals/objectives of the NFP program include:

- improved health outcomes for mother and child,
- reduced maternal and infant mortality rates, and
- an increase in healthy spacing between births to 24 months.

Referral by an Alabama Coordinated Health Network (ACHN) provider of an eligible Medicaid recipient to an Alabama Medicaid enrolled NFP entity is required. This referral is needed before the NFP entity submits for reimbursement to the Agency for services rendered to Alabama Medicaid recipients. Recipient participation in NFP is voluntary. Additionally, recipients can choose the Alabama Medicaid enrolled NFP provider in their region.

41.1 Provider Enrollment

Medicaid’s fiscal agent enrolls providers and issues provider contracts to applicants who meet the licensure and/or certification requirements of the State of Alabama, the Code of Federal Regulations, the Alabama Medicaid Agency Administrative Code, and the Alabama Medicaid Provider Manual.

Refer to Chapter 2, Becoming a Medicaid Provider, for general enrollment instructions and information. Failure to provide accurate and truthful information or intentional misrepresentation might result in action ranging from denial of application to permanent exclusion.

Federal requirements mandate providers re-validate periodically with the Alabama Medicaid program. Providers will receive a notification when it is time to re-validate. Failure to re-validate and provide appropriate documentation to complete the enrollment process will result in an end-date being placed on the provider file. A new enrollment application must be submitted once a provider enrollment file has been closed due to failure to timely re-validate.
41.1.1 National Provider Identifier, Type, and Specialty

A provider who contracts with Medicaid as an NFP provider is added to the Medicaid system with the National Provider Identifiers provided to the Agency at the time application is made. Appropriate provider specialty codes are assigned to enable the provider to submit requests and receive reimbursements for NFP-related claims.

NOTE:

The 10-digit NPI is required when filing a claim

Nurse-Family Partnership providers are assigned a provider type of 21 (Targeted Case Management), and specialty code 923 (NFP).

41.1.2 Enrollment Policy for NFP Providers

Nurse-Family Partnership (NFP) provider entities may enroll with the Agency beginning April 1, 2022. An NFP provider entity must be certified by the National Service Organization (NSO) prior to enrolling with Alabama Medicaid. NFP certification requires, at a minimum, that each entity’s appropriate personnel have NSO approved training in the prenatal, postpartum, and new parent topics.

Certified NFP entities must submit their NSO model fidelity letter when enrolling with Alabama Medicaid. Additionally, NFP provider entities will be required to pay an application fee in compliance with CMS requirements.

For information regarding becoming a certified NFP entity, please reference the information on the Agency’s website on the NFP page.

41.1.3 Provider Termination and/or Change of Ownership

1. A participating Nurse-Family Partnership (NFP) provider has the right to withdraw from the Medicaid program after submitting written notice to Medicaid of its intent at least thirty (30) days in advance.

2. Medicaid may terminate the NFP provider’s participation in the Medicaid program if the provider loses NSO certification for any reason, as well as in cases involving fraud or willful or grossly negligent non-compliance with all applicable program, State and federal guidelines.

3. Medicaid must be notified in writing within thirty (30) days of the date of an NFP entity’s owner and/or name change. The existing contract will be terminated, and a new contract must be signed to continue participation in the Medicaid program.

41.2 Benefits and Limitations

41.2.1 Benefits

Nurse Family Partnership (NFP) services are available to Medicaid eligible persons who:

1. Are referred to a qualified, Agency enrolled, NFP entity/provider by the recipient’s assigned ACHN.
2. Recipients must meet the following NFP criteria for participation:

- First time mother
- High-risk as defined by the National Service Organization (NSO), and
- Enrolls and receives her first home visit no later than the end of the 28th week of pregnancy, unless otherwise specified by NSO.

NFP services include, but are not limited to:

- **Prenatal Services**
  - Monitoring for high blood pressure or complications
  - Diet/nutrition education
  - Infant care education
  - Family stress guidance
  - Stress management
  - STD prevention education
  - Tobacco/alcohol education
  - Intimate partner violence screening/education
  - Anxiety and depression screening/referrals
  - Needs assessing/screening
  - Making referrals for care
  - Monitoring and follow up

- **Postpartum Services**
  - Assessment of mom’s health
  - Diet and nutrition education
  - Stress management
  - STD prevention education
  - Tobacco/alcohol education
  - Emotional/physical changes
  - Infant care and parenting
  - Partner relationship support
  - Breastfeeding support
  - Education for well-woman visits for preventive services
  - Anxiety and depression screening/referrals
  - Needs assessing/screening
  - Making referrals for care

- **Infant-Related Care**
  - Infant health assessment, development and referrals
  - Child developmental screening at major developmental milestones from birth to age two (2).

### 41.2.2 Limitations

Medicaid will not separately reimburse for any direct care services, such as wound care, rendered by an NFP nurse in the course of their NFP case management visit.

### 41.3 Documentation Requirements

Nurse-Family Partnership (NFP) is a Targeted Case Management (TCM) service, and as such NFP providers must adhere to all core elements of TCM.
The NFP provider must maintain complete and accurate medical, mental health, case management, and fiscal records that fully disclose the extent of the services provided.

All documentation must be legible, signed and dated by the person (identified by name and discipline) who is responsible for ordering, providing, or evaluating the service furnished. Additionally, the author of each entry must either, personally or electronically sign his or her entry. A stamped signature is not acceptable.

In addition to all National Service Organization (NSO) mandated data elements and documentation requirements, NFP records must contain documentation of:

(a) name of recipient,
(b) the recipient Medicaid ID,
(c) the NSO Client ID,
(d) dates of services,
(e) name of NFP provider and person providing services,
(f) nature, start and end time, extent or units of services provided,
(g) place(s) of service,
(h) weeks of gestation or weeks postpartum at time of visit, and
(i) a written assessment of the client's progress.

The NFP provider's records must also contain the following information:

• Documented referral source
• A systematic, recipient-coordinated Plan of Care (POC).
• Verification that the recipient's Medicaid Eligibility was checked at admission and at least once a month, thereafter. NOTE: There are times when a recipient's eligibility status may change throughout the month. It is the provider's responsibility to ensure that a recipient has the applicable Alabama Medicaid coverage for the date(s) of service for which services will be provided. All providers must maintain a paper copy of the eligibility response in the patient's file. For more information, refer to the Provider Manual, Chapter 3: Verifying Recipient Eligibility.
• Family history
• Medical history
• Educational/vocational history
• Mental health treatment history, when applicable
• Legal history
• Substance abuse history

The NFP provider must make available to Medicaid, at no charge, all information describing services provided to eligible recipients. The provider must also permit access to all records and facilities for the purpose of claims audit, program monitoring, and utilization review by duly authorized representatives of Federal and State agencies.
41.4 Reimbursement

1. Nurse-Family Partnership (NFP) provider entities may submit a claim to Medicaid once each month for each family unit designated by the NSO Client ID. At least one qualifying visit must occur prior to the submission of the claim. However, it is expected that at least two visits per month with the recipient will occur and there must be documentation in the recipient’s record for each visit performed. Additional visit dates must be listed on the claim as separate details. All visits beyond the first must be filed with an XE modifier appended to the corresponding NFP service (e.g., T2023 HD U1 XE). If at least two visits cannot be completed during the month, there must be documentation in the recipient’s record to explain why. The dates of service must be listed on the claim. NOTE: Claims paid in error will be subject to recoupment.

2. All NFP claims must have a referral from the recipient’s assigned ACHN to receive payment from Medicaid. When filing an electronic claim using Medicaid’s web portal, the ACHN NPI should be entered into the “referring physician” field. If using a vendor/clearinghouse software, the provider will need to confirm with the vendor on where to enter the ACHN NPI.

3. All NFP claims must include the NSO Client ID to receive payment from Medicaid. When filing an electronic claim using Medicaid’s web portal, the NSO Client ID should be entered in the “referral number” field. If using a vendor/clearinghouse software, the provider will need to confirm with the vendor on where to enter the NSO ID as the referral number.

4. NFP claims for prenatal services must include the Date of Last Menstrual Period (LMP) to receive payment from Medicaid. When filing an electronic claim using Medicaid’s web portal, the LMP should be entered in the “Last Menstrual Period” field. If using a vendor/clearinghouse software, the provider will need to confirm with the vendor on where to enter the LMP (date qualifier code = 484).

5. NFP claims for post-partum services must include the Date of Delivery to receive payment from Medicaid. When filing an electronic claim using Medicaid’s web portal, the Date of Delivery should be entered in the “Initial Treatment Date” field. If using a vendor/clearinghouse software, the provider will need to confirm with the vendor on where to enter the Date of Delivery/Initial Treatment Date (date qualifier code = 454).

6. The NFP provider agrees to accept payment in full as the amount paid for covered NFP services.

41.4.1 Completing the Claim Form

To enhance the effectiveness and efficiency of Medicaid processing, providers are encouraged to bill Medicaid claims electronically.

NFP providers who bill Medicaid claims electronically receive the following benefits:

- Quicker claim processing turnaround
• Immediate claim correction
• Enhanced online adjustment functions
• Improved access to eligibility information

Refer to Appendix B, Electronic Media Claims Guidelines, for more information about electronic filing.

NFP providers must include the following information on the claim:
• The dates on which the NFP services were rendered,
• The recipient's ACHN NPI as referring provider,
• The NSO Client ID assigned to the family unit (referral number),
• The weeks of gestation or weeks postpartum at time of visit,
• The ACHN referral number, and
• The Z71.9 (counseling, unspecified) diagnosis code

This section describes program-specific claims information. Refer to Chapter 5, Filing Claims, for general claims filing information and instructions.

41.4.2 Procedure Codes and Modifiers

Medicaid uses the Healthcare Common Procedure Coding System (HCPCS). HCPCS is composed of the following:
• American Medical Association’s Current Procedural Terminology (CPT)
• Nationally assigned codes developed for Medicare
• Locally assigned codes issued by Medicaid. Effective for dates of service on or after 01/01/2004, use national codes.

The CPT manual lists most procedure codes required by Medicaid. This manual may be obtained by contacting the Order Department, American Medical Association, 515 North State Street, Chicago, IL 60610-9986.

The following procedure code and applicable modifiers are required on each filed claim for NFP services:

<table>
<thead>
<tr>
<th>Procedure Code</th>
<th>First Modifier</th>
<th>Second Modifier</th>
<th>Date Required</th>
</tr>
</thead>
<tbody>
<tr>
<td>T2023 – Targeted Case Management (Monthly Billing)</td>
<td>HD – Pregnant and parenting women’s program</td>
<td>U1 – Prenatal Case Management</td>
<td>LMP (date qualifier code = 484).</td>
</tr>
<tr>
<td>T2023 – Targeted Case Management (Monthly Billing)</td>
<td>HD – Pregnant and parenting women’s program</td>
<td>U2 – Postpartum Period (delivery through 12 months postpartum)</td>
<td>Delivery Date (date qualifier code = 454).</td>
</tr>
<tr>
<td>T2023 – Targeted Case Management (Monthly Billing)</td>
<td>HD – Pregnant and parenting women’s program</td>
<td>U3 – Postpartum Period (12 months through 2-years postpartum)</td>
<td>Delivery Date (date qualifier code = 454).</td>
</tr>
</tbody>
</table>
NOTE:

Postpartum services (U3) can be billed under the Mother or Child’s Medicaid ID. Prenatal services (U1) and Postpartum (U2) MUST be billed under the mother’s Medicaid ID.

NOTE:

Use of both a first and second modifier will be required for reimbursement.

41.4.3 Diagnosis Codes

Effective April 1, 2023, all Nurse-Family Partnership (NFP) claims submitted to Medicaid must include a diagnosis code of Z71.9 (counseling, unspecified) for reimbursement. Claims with dates of service prior to April 1, 2023 do not require the Z71.9 diagnosis code.

41.4.4 Cost Sharing (Copayment)

Copayment does not apply to services provided by NFP providers.

41.4.5 Time Limit for Filing Claims

Medicaid requires claims for NFP service to be filed within one year of the date of service. Refer to Section 5.1.5, Filing Limits and Approved Exceptions, for more information regarding timely filing limits and exceptions.

41.5 For More Information

This section contains a cross-reference to other relevant sections in the manual.
