**3.7 Member Questions**

**Question:** Dr. Raulerson asked if there would be a change in 12-month eligibility for children due to the Big Beautiful Bill.

**Medicaid Answer:** Expansion states are required to do so under the Big Beautiful Bill, but Alabama is not an expansion state.

**Question:** Dr. Raulerson asked about retroactive coverage for children.

**Medicaid Answer:** The change would be the month of application to the prior two months. Barry Cambron will confirm whether the change in retroactive coverage affects all population groups and communicate any significant changes to provider groups.

**Question:** Dr. Raulerson asked whether a teenager with special needs who is turning 19 can apply for a waiver to continue their coverage until age 21.

**Medicaid Answer:** Different state agencies evaluate the medical or functional eligibility, and then Medicaid evaluates financial eligibility for individuals. Linda Lee will be contacted to share information about waiver eligibility for teenagers rolling off Medicaid with pediatricians across the state.

**3.8 Action Items**

- Members should complete the survey and Conflict of Interest Disclosure Form.
- Members should contact Melanie if they are interested in being a MAC officer.
