I. Background

The Alabama Medicaid Agency is requesting Proposals for the certified independent audits of the Disproportionate Share Hospital (DSH) payment program required under 42 CFR §455.304 Condition for Federal Financial Participation (FFP) for the Medicaid State Plan rate years ending September 30, 2021 and 2022, with one-year options for the 2023, 2024 and 2025 rate years. The Alabama Medicaid Agency through its contracted agent is responsible for accumulating the documentation necessary for the State's compliance with 42 CFR §447.299 reporting requirement. The independent certified audit will be based on the reporting of the State that includes information obtained from the DSH hospitals. The certified independent audit will furnish opinions on the six (6) verifications outlined in 42 CFR §455.304(d).

The State's contracted agent responsible for accumulating the documentation necessary for the State's compliance with 42 CFR §447.299 reporting requirement is not eligible to respond to this RFP.

The independent certified audit for 2021 will need to be completed by September 30, 2024, with each succeeding audit completed the following September in order to meet the December 31 deadline for the State to be in compliance based on 42 CFR §455.304(b).

Title XIX of the Social Security Act (Act) authorizes Federal grants to States for Medicaid programs that provide medical assistance to low-income families, the elderly and persons with disabilities. Section 1902(a)(13)(A)(iv) of the Act requires that States make Medicaid payment adjustments for hospitals that serve a disproportionate share of low-income patients with special needs.

Section 1923 of the Act contains more specific requirements related to such disproportionate share hospital (DSH) payments, including aggregate annual state-specific limits on FFP under Section 1923(f), and hospital-specific limits on DSH payments under Section 1923(g). Under those hospital specific limits, a hospital's DSH payments may not exceed the costs incurred by that hospital in furnishing services during the year to Medicaid patients and the uninsured, less other Medicaid payments made to the hospital, and payments made by uninsured patients ("uncompensated care costs"). In addition, Section 1923(a)(2)(D) requires States to provide an annual report to the Secretary describing the payment adjustments made to each disproportionate share hospital.

In addition to these reporting requirements, under Section 1923(j) of the Act, Federal matching payments are contingent upon a State's submission of the annual DSH report and independent certified audit.

On December 19, 2008, CMS published a final rule in the Federal Register (73 Fed. Reg. 77904) implementing the reporting and auditing requirements for State DSH payments under State Medicaid programs. The final rule was effective on January 19, 2009 and is codified at 42 CFR 455.300, et seq.

This final rule sets forth the data elements necessary to comply with the requirements of Section 1923(j) of the Social Security Act (Act) related to auditing and reporting of disproportionate share

hospital payments under State Medicaid programs. These requirements were added by Section 1001(d) of the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA).

The rule requires that in the audit report, the auditor must verify whether the State's method of computing the hospital-specific DSH limit and the DSH payments made to the hospital comply with the five items required by Section 1923(j)(2) of the Act.

The rule requires States to verify their methodology for computing the hospital specific DSH limit and the DSH payments made to hospitals. As required by Section 1923(j)(2) of the Act, these five items identified in statute would provide independent verification that State Medicaid DSH payments comply with the hospital-specific DSH limit in Section 1923(g) of the Act, and that such limits are accurately computed.

Definitions:

For the purpose of this document -

The term “independent” means that the Single State Audit Agency or any other CPA firm that operates independently from the Medicaid agency or subject hospitals is eligible to perform the DSH audit. The State’s contracted agent responsible for accumulating the documentation necessary for the State’s compliance with 42 CFR §447.299 reporting requirement is not eligible to respond to this RFP. States may not rely on non-CPA firms, fiscal intermediaries acting as Agents for a State's Medicaid program, independent certification programs currently in place to audit uncompensated care costs, nor expand hospital financial statements to obtain audit certification of the hospital-specific DSH limits.

The term “independent certified audit” means an audit that is conducted by an auditor that operates independently from the Medicaid agency or subject hospitals and is eligible to perform the DSH audit. Certification means that the independent auditor engaged by the State reviews the criteria of the Federal audit regulation and completes the verification, calculations and report under the professional rules and generally accepted standards of audit practice. This certification would include a review of the State's audit protocol to ensure that the Federal regulation is satisfied, an opinion for each verification detailed in the regulation, and a determination of whether or not the State made DSH payments that exceeded any hospital's specific DSH limit in the Medicaid State plan rate year under audit. The certification should also identify any data issues or other caveats that the auditor identified as impacting the results of the audit.

II. Scope of Work

The successful vendor under this RFP will develop an audit plan for completing the independent certified audits for the fiscal year 2021, 2022 and optional 2023, 2024 and 2025; that meets the requirements set forth in Section 1923(j)(1) of the Act which includes:

- Identification of each DSH facility that received a DSH payment under the State's Medicaid program in the preceding fiscal year and the amount of DSH payments paid to that hospital in the same year.

- Such other information as the Secretary of Health and Human Services determines necessary to ensure the appropriateness of DSH payments.

The successful vendor under this RFP will conduct an independent certified audit for Medicaid State plan rate year ending September 30, 2021, of the Alabama Medicaid Program that provides Disproportionate Share Hospital Payments to Alabama hospitals eligible for such payments.

These independent certified audits will be submitted by the State, in accordance with Section 1923(j)(2) of the Act, to the Secretary of Health and Human Services. The certified independent audit must verify:

Each hospital that qualifies for a DSH payment in the State is allowed to retain that payment so that the payment is available to offset its uncompensated care costs for furnishing inpatient hospital and outpatient hospital services during the Medicaid State plan rate year to Medicaid eligible individuals and individuals with no source of third party coverage for the services in order to reflect the total amount of claimed DSH expenditures. (42 CFR § 455.304(d)(1))

DSH payments made to each qualifying hospital comply with the hospital-specific DSH payment limit. For each audited Medicaid State plan rate year, the DSH payments made in that audited Medicaid State plan rate year must be measured against the actual uncompensated care cost in that same audited Medicaid State plan rate year. (42 CFR § 455.304(d)(2))

Only uncompensated care costs of furnishing inpatient and outpatient hospital services to Medicaid eligible individuals and individuals with no third party coverage for the inpatient and outpatient hospital services they received as described in Section 1923(g)(1)(A) of the Act are eligible for inclusion in the calculation of the hospital-specific disproportionate share limit payment limit, as described in Section 1923(g)(1)(A) of the Act. (42 CFR § 455.304(d)(3))

For purposes of this hospital-specific limit calculation, any Medicaid payments (including regular Medicaid fee-for-service rate payments, supplemental/enhanced Medicaid payments, and Medicaid managed care organization payments) made to a disproportionate share hospital for furnishing inpatient hospital and outpatient hospital services to Medicaid eligible individuals, which are in excess of the Medicaid incurred costs of such services, are applied against the uncompensated care costs of furnishing inpatient hospital and outpatient hospital services to individuals with no source of third party coverage for such services. (42 CFR § 455.304(d)(4))

Any information and records of all of its inpatient and outpatient hospital service costs under the Medicaid program; claimed expenditures under the Medicaid program; uninsured inpatient and outpatient hospital service costs in determining payment adjustments under this Section; and any payments made on behalf of the uninsured from payment adjustments under this Section has been separately documented and retained by the State. (42 CFR § 455.304(d)(5))

The information supplied by the State includes a description of the methodology for calculating each hospital's payment limit under Section 1923(g)(1) of the Act. Included in the description of the methodology, the audit report must specify how the State defines incurred inpatient hospital and outpatient hospital costs for furnishing inpatient hospital and outpatient hospital services to

Medicaid eligible individuals and individuals with no source of third-party coverage for the inpatient hospital and outpatient hospital services they received. (42 CFR § 455.304(d)(6))

The successful vendor under this RFP will complete the independent certified audit of FY 2021 by September 30, 2024, and each succeeding audit by the corresponding September.

III. Pricing

Vendor's response should specify a firm and fixed price for completion of the work specified in this RFP. The Firm and Fixed Price of each year of the proposed contract must be separately stated in the RFP Cover Sheet on the first page of this document. The firm and fixed price must also be entered on Appendix B Pricing Form with a schedule of the price per audit.

No other evaluation criteria, other than as outlined in the RFP, will be used.

In accordance with 45 CFR part 75, the State encourages free and open competition among Vendors. Whenever possible, the State will design specifications, proposal requests, and conditions to accomplish this objective, consistent with the necessity to satisfy the State's need to procure technically sound, cost-effective services and supplies.

B. Single Point of Contact

From the date this RFP is issued until a Vendor is selected and the selection is announced by the Project Director, all communication must be directed to the Project Director in charge of this solicitation. **Vendors or their representatives must not communicate with any State staff or officials regarding this procurement with the exception of the Project Director.** Any unauthorized contact may disqualify the Vendor from further consideration. G. Order of Precedence

In the event of inconsistencies or contradictions between language contained in the RFP and a Vendor's response, the language contained in the RFP will prevail. Should the State issue addenda to the original RFP, then said addenda, being more recently issued, would prevail against both the original RFP and the Vendor's proposal in the event of an inconsistency, ambiguity, or conflict.

H. Vendor's Signature

The proposal must be accompanied by the RFP Cover Sheet signed in ink by an individual authorized to legally bind the Vendor. The Vendor's signature on a proposal in response to this RFP guarantees that the offer has been established without collusion and without effort to preclude the State from obtaining the best possible supply or service. I. Offer in Effect for 90 Days

K. State's Rights Reserved

While the State has every intention to award a contract as a result of this RFP, issuance of the RFP in no way constitutes a commitment by the State to award and execute a contract. Upon a determination such actions would be in its best interest, the State, in its sole discretion, reserves the right to:

- Cancel or terminate this RFP;
- Reject any or all of the proposals submitted in response to this RFP;
- Change its decision with respect to the selection and to select another proposal;
- Waive any minor irregularity in an otherwise valid proposal which would not jeopardize the overall program and to award a contract on the basis of such a waiver (minor irregularities are those which will not have a significant adverse effect on overall project cost or performance);
- Negotiate with any Vendor whose proposal is within the competitive range with respect to technical plan and cost;
- Adopt to its use all, or any part, of a Vendor's proposal and to use any idea or all ideas presented in a proposal;
- Amend the RFP (amendments to the RFP will be made by written addendum issued by the State and will be posted on the RFP website);
- Not award any contract.

L. Price

Vendors must respond to this RFP by utilizing the RFP Cover Sheet to indicate the firm and fixed price for the implementation and updating/operation phase to complete the scope of work.

M. E-Verify Memorandum of Understanding

The proposal response must include an E-Verify Memorandum of Understanding with the Department of Homeland Security.

N. Proposal Format

Proposals must be prepared on standard 8 ½" x 11" paper and must be bound. All proposal pages must be numbered unless specified otherwise. All responses, as well as, any reference material presented, must be written in English.

Proposals must not include references to information located elsewhere, such as Internet websites. Information or materials presented by the Vendor outside the formal response or subsequent discussion/negotiation, if requested, will not be considered, and will have no bearing on any award.

This RFP and its attachments are available on Medicaid's website. The Vendor acknowledges and accepts full responsibility to ensure that no changes are made to the RFP. In the event of inconsistencies or contradictions between language contained in the RFP and a Vendor's response, the language contained in the RFP will prevail. Should Medicaid issue addenda to the original RFP, then said addenda, being more recently issued, would prevail against both the original RFP and the Vendor's proposal.

O. Proposal Withdrawal

The Vendor may withdraw a submitted proposal at any time before the deadline for submission. To withdraw a proposal, the Vendor must submit a written request, signed by a Vendor's representative authorized to sign the resulting contract, to the RFP Project Director. After withdrawing a previously submitted proposal, the Vendor may submit another proposal at any time up to the deadline for submitting proposals.

P. Proposal Amendment

Medicaid will not accept any amendments, revisions, or alterations to proposals after the deadline for submitting proposals unless such is formally requested, in writing, by Medicaid.

Q. Proposal Errors

The Vendor is liable for all errors or omissions contained in their proposals. The Vendor will not be allowed to alter proposal documents after the deadline for submitting proposals. If the Vendor needs to change a previously submitted proposal, the Vendor must withdraw the entire proposal and may submit the corrected proposal before the deadline for submitting proposals.

R. Disclosure of Proposal Contents

Proposals and supporting documents are kept confidential until the evaluation process is complete and a Vendor has been selected. The Vendor should be aware that any information in a proposal may be subject to disclosure and/or reproduction under Alabama law. Designation as proprietary or confidential may not protect any materials included within the proposal from disclosure if required by law. The Vendor should mark or otherwise designate any material that it feels is proprietary or

otherwise confidential by labeling the page as “CONFIDENTIAL”. The Vendor must also state any legal authority as to why that material should not be subject to public disclosure under Alabama open records law and is marked as Proprietary Information. By way of illustration but not limitation, “Proprietary Information” may include trade secrets, inventions, mask works, ideas, processes, formulas, source and object codes, data, programs, other works of authorship, know-how, improvements, discoveries, developments, designs and techniques.

Information contained in the Pricing Section may not be marked confidential. It is the sole responsibility of the Vendor to indicate information that is to remain confidential. Medicaid assumes no liability for the disclosure of information not identified by the Vendor as confidential. If the Vendor identifies its entire proposal as confidential, Medicaid may deem the proposal as non-compliant and may reject it.

S. Submission of Proposals

Proposals must be sealed and labeled on the outside of the package to clearly indicate that they are in response to 2024-DSHA-01. Proposals must be sent to the attention of the Project Director and received at the Agency as specified in the Schedule of Events. It is the responsibility of the Vendor to ensure receipt of the Proposal by the deadline specified in the Schedule of Events.

T. Copies Required

Vendors must submit one original Proposal with original signatures in ink, one additional hard copy in binder form, plus two electronic copies of the Proposal on CD/DVD or jump drive clearly labeled with the Vendor name. One electronic copy (Word and searchable PDF format) MUST be a complete version of the Vendor’s response and the second electronic (searchable PDF format) copy MUST have any information asserted as confidential or proprietary removed. Vendor must identify the original hard copy clearly on the outside of the proposal.

U. Late Proposals

Regardless of cause, late proposals will not be accepted and will automatically be disqualified from further consideration. It shall be the Vendor’s sole risk to assure delivery at the Agency by the designated deadline. Late proposals will not be opened and may be returned to the Vendor at the expense of the Vendor or destroyed if requested.

V. Proposal Clarifications

The Agency reserves the right to request clarifications with any or all Vendors if they are necessary to properly clarify compliance with the requirements of this RFP. The Agency will not be liable for any costs associated with such clarifications. The purpose of any such clarifications will be to ensure full understanding of the proposal. Clarifications will be limited to specific sections of the proposal identified by Medicaid. If clarifications are requested, the Vendor must put such clarifications in writing within the specified time frame.

VII. Evaluation and Selection Process

A. Initial Classification of Proposals as Responsive or Non-responsive

All proposals will initially be classified as either “responsive” or “non-responsive.” Proposals may be found non-responsive at any time during the evaluation process or contract negotiation if any of the required information is not provided; or the proposal is not within the plans and specifications described and required in the RFP. If a proposal is found to be non-responsive, it will not be considered further.

Proposals failing to demonstrate that the Vendor meets the mandatory requirements listed in Appendix A will be deemed non-responsive and not considered further in the evaluation process (and thereby rejected).

B. Determination of Responsibility

The Project Director will determine whether a Vendor has met the standards of responsibility. In determining responsibility, the Project Director may consider factors such as, but not limited to, the vendor’s specialized expertise, ability to perform the work, experience and past performance. Such a determination may be made at any time during the evaluation process and through contract negotiation if information surfaces that would result in a determination of non-responsibility. If a Vendor is found non-responsible, a written determination will be made a part of the procurement file and mailed to the affected Vendor.

C. Opportunity for Additional Information

The State reserves the right to contact any Vendor submitting a proposal for the purpose of clarifying issues in that Vendor’s proposal. Vendors should clearly designate in their proposal a point-of-contact for questions or issues that arise in the State’s review of a Vendor’s proposal.

D. Evaluation Committee

An Evaluation Committee appointed by the Project Director will read the proposals, conduct corporate and personal reference checks, score the proposals, and make a written recommendation to the Commissioner of the Alabama Medicaid Agency. The State may change the size or composition of the committee during the review in response to exigent circumstances.

E. Scoring

The Evaluation Committee will score the proposals using the scoring system shown in the table below. The highest score that can be awarded to any proposal is 100 points.

Evaluation Factor	Highest Possible Score
Adherence to Mandatory Requirements	Pass / Fail
Experience & Qualifications of the Vendor and its staff	25
References	25

Total	100

F. Determination of Successful Proposal

The Vendor whose proposal is determined to be in the best interest of the State will be recommended as the successful Contractor. The Project Director will forward this Vendor's proposal through the supervisory chain to the Commissioner, with documentation to justify the Committee's recommendation.

When the final approval is received, the State will notify all Vendors.

K. Termination for Unavailability of Funds

Performance by the State of Alabama of any of its obligations under the contract is subject to and contingent upon the availability of state and federal monies lawfully applicable for such purposes. If Medicaid, in its sole discretion, deems at any time during the term of the contract that monies lawfully applicable to this agreement shall not be available for the remainder of the term, Medicaid shall promptly notify Contractor to that effect, whereupon the obligations of the parties hereto shall end as of the date of the receipt of such notice and the contract shall at such time be cancelled without penalty to Medicaid, State or Federal Government.

L. Proration of Funds

In the event of proration of the funds from which payment under this contract is to be made, this contract will be subject to termination.

In the event that Medicaid elects to terminate the contract pursuant to this provision, it shall so notify the Contractor by certified or registered mail, return receipt requested. The

termination shall be effective as of the date specified in the notice. In such event, Contractor will be entitled only to payment for all work satisfactorily completed and for reasonable, documented costs incurred in good faith for work in progress. The Contractor will not be entitled to payment for uncompleted work, or for anticipated profit, unabsorbed overhead, or any other costs.

N. Force Majeure

**Instructions for Certification Regarding Debarment, Suspension,
Ineligibility and Voluntary Exclusion**

(Derived from Appendix B to 45 CFR Part 76--Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--Lower Tier Covered Transactions)

1. By signing and submitting this contract, the prospective lower tier participant is providing the certification set out therein.

2. The certification in this clause is a material representation of fact upon which reliance was placed when this contract was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the Alabama Medicaid Agency (the Agency) may pursue available remedies, including suspension and/or debarment.

3. The prospective lower tier participant shall provide immediate written notice to the Agency if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible, lower tier covered transaction, participant, person, primary covered transaction, principal, and voluntarily excluded, have the meaning set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this contract is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this contract that, should the contract be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this contract that it will include this certification clause without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the List of Parties Excluded from Federal Procurement and Nonprocurement Programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the Agency may pursue available remedies, including suspension and/or debarment.
