SECURITY RISK ANALYSIS COMPLIANCE FORM

This form is intended to be used by a Provider (an Eligible Professional (EP) or Eligible Hospital (EH)) as documentation in support of the Meaningful Use (MU) Measure for “Protect Patient Health Information”. Protecting “Patient Health Information (PHI)” includes conducting and/or reviewing a “Security risk analysis” of the Provider’s or organization’s activities, policies and procedures for handling and maintaining the security of PHI. All responses included in this form are subject to pre-payment or post-payment verification, on-site post-payment audit and any responses found to be inaccurate, unsupported or false may result in a failure of the MU measure and recoupment of the incentive payment. (This form may be completed by an authorized staff person on behalf of the Provider.)

1. Provider Information
   Provider’s Name & Professional Title: ____________________________ NPI: ____________________________
   If EP, Name of Practice or Organization: ____________________________ NPI: ____________________________

2. My Organization
