

SECURITY RISK ANALYSIS COMPLIANCE FORM

This form is intended to be used by a Provider [an Eligible Professional (EP) or Eligible Hospital (EH)] as documentation in support of the Meaningful Use (MU) Measure for "Protect Patient Health Information". Protecting "Patient Health Information (PHI)" includes conducting and/or reviewing a "security risk analysis" of the Provider's or organization's activities, policies and procedures for handling and maintaining the security of PHI. All responses included in this form are subject to pre-payment or post-payment verification, on-site post-payment audit and any responses found to be inaccurate, unsupported or false may result in a failure of the MU measure and recoupment of the incentive payment. (This form may be completed by an authorized staff person on behalf of the Provider.)
