

## Don't forget!

When you make an appointment to visit the doctor or dentist, that time is just for you!

Always keep or cancel your appointments.

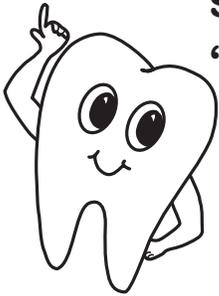

Call to let them know if you cannot go to an appointment.

If you need a ride to your appointment, call Medicaid's NET Hotline at 1-800-204-3728.

Too many missed appointments may cause your doctor or dentist to dismiss you. You may also lose your Medicaid.
