

CGM Billing Instructions

Continuous Glucose Monitors (CGMs) are required to be billed as durable medical equipment (DME). All non-adjunctive CGM brands will be billed using the procedure codes listed below unless otherwise specified in the Provider Billing Manual (linked below).

| | |
|-------------------------|---|
| CGM Monitor or Receiver | CGM Supplies and Accessories (including sensors and transmitters) |
| E2103 | A4239 |

NOTE: Please refer to the Provider Billing Manual for details regarding prior authorization requirements, coverage criteria, limitations, and supply allowances.
