

Makena™ Information Sheet

1. Makena™ is available through the Medicaid Pharmacy program. The pharmacy must have a valid prescription and recipient information for billing purposes.
2. Prior Authorization requirements for the product: Makena™ does not require prior authorization.
3. How will the prescription be billed? Makena™ should be billed as an outpatient pharmacy claim.
4. The physician's office should bill for the administration fee. Any Evaluation and Management would be part of the maternity global fee and should not be billed separately. For questions related to administration of the drug, please contact the Medical Services Division at (334) 353-5539 or (334) 242-5014.
5. Compounded versions of hydroxyprogesterone will require prior authorization and will be covered only in cases of medical necessity.
6. For pharmacy related questions regarding billing of Makena™, please contact the Alabama Medicaid Pharmacy Program at (334) 242-5050.
7. To learn how to access Makena™, visit the manufacturer's website at <http://www.makena.com/pages/dtc/care-connection/LearnHowToAccessMakena.aspx>.
